1. True
2. True
3. False. It is just as dangerous to drive when you’re high.
4. True
5. a and c
6. False. One or two cigarettes each day for a week can make you addicted. Nearly one-third of people who try a single cigarette eventually develop dependence on tobacco.
7. True
8. True
9. True. Alcohol depresses the nerves that control involuntary actions such as breathing, heart beat, and the gag reflex that prevents choking. A fatal dose of alcohol (too high a level of blood alcohol content) will eventually stop these functions.
10. True. According to the Surgeon General, these symptoms can be triggered with your first cigarette.
11. True
12. False. In all states you must be 18 or older to legally purchase cigarettes.
13. True. Marijuana has been shown to damage the bronchial airways. In addition, the same cancer-causing tars in cigarettes are also in marijuana.
14. True
15. False. Each cigarette you smoke makes your body less relaxed. It increases your heart rate, constricts your blood vessels, and raises your blood pressure.
16. a and d
17. True
18. a and c
19. True
20. True
21. True
22. True. This is called genetic alcoholism.
23. a, b, c, and d
24. False. Marijuana is a drug. Many naturally occurring substances can be dangerous if ingested (poisonous mushrooms).
25. a, b, c, and d
26. a, b, c, and d
